

# CineGrid Project Groups Intro

**Cees de Laat & Tom DeFanti**

**University of Amsterdam  
CALIT2**

# Structure

- Project groups are bottom up grass roots community efforts!
- Project groups happen to come into existence because the community sees a need for a forum on a certain subject.
  - To have one place to meet/contact experts on a particular subject
  - To have a discussion, make conceptual progress, knowledge exchange
  - To organize infrastructure, experiments, demonstrations, middleware/tools
- Project groups have a lightweight structure:
  - 1 or 2 co-chairs
  - Possibly a liaison to the executive committee
  - Will meet at annual CG event, possibly at interim meetings (NAB, IBC, SC, ...)
- Project groups will happen because they serve the communities needs, not because we say so!
- Examples: CineGrid Exchanges,

# Plan for the rest of the week

- Meet Tuesday and Wednesday during lunch
- Get a table marker from Nathalie
- Write down the subject of your project on the marker, catch a table and collect people at your table
- If possible take notes that can be published on the web site, collect slides, send to CG-secretariat
- Make small few slides summary
- There is an opportunity for (co-)chairs to present Wednesday in the 16h50-17h30 session to present a few minutes; contact me.

# CineGrid Network Engineering WG

---

- From the mission: Networked Media
- I note room for improvement in connectivity between CG exchanges
- Need for persistent topology of 1 gig links between exchanges
- Include monitoring of these links
- Replication can serve as benchmark
- Volunteers?

## Intermezzo

# Mental Exercise:

What is the oldest digital information carrier that you have at home that you can still read today?

Floppy

CD

Digital A/V tape

Compact cassette

SCSI cartridge

....

# Need for Scientific Publications!

## Call for papers!

- Guest Editors:  
Naohisa Ohta & Paul Hearty  
& Cees de Laat
- Special section on CineGrid!
- About 6 papers in a section
- Submission via:  
<http://ees.elsevier.com/fgcs/>
- Special section submission link may take few weeks to get established.
- Submission deadline March 1<sup>st</sup> 2010
